Jonathan Broughton It's an interesting thing this. I know my shadow. Most of this I would never act out. I knew a lot of my shadow as a child, so I've lived with it my whole life and it does not bother me. There are other areas, which I believe are justifiable and am torn to act out. I believe the result of acting out would be a benefit to the whole. It's an interesting problem.

Nathan Sandiford Shared. Nearly at the final chapter of Freedom. If we really understand what is being said inside this book the shackles of our minds will unlock forever. Thankyou.
